A Frenchman Elevates His Spine---Spanish Ministerial Crisis---Whisperings of the Congress.

By Cable to the News.

VERSAILLES, June 4.—In the Chamber of Deputies to-day, Gen. Borel, minister of war, refused to disavow the actions of the Brigadier of the Gendarmerie, whose proceedings had been offensive, and left, declaring he would not accept any situation obliging him to pay attention to such compliments.

LONDON, June 4.—The Daily News' Hendaye correspondent telegraphs:—The Spanish ministerial crisis is generally expected after the present session of the Cortes. The Constitutionalists under Sagosta and Serrano are sanguine that the winter elections will raise them into office.

A daily News' St. Petersburg despatch says: "Lord Beaconsfield's appointment as representative to Congress, causes satisfaction here. Some fear that the situation at Constantinople will necessitate collective action, as proposed by the Berlin memorandum."

LONDON, June 4.—Advices from Constantinople indicate a better state of feeling there, and subsidence of the recent excitement and anxiety.

A successful conclusion of the negotiation for the Congress has taken a great burden of anxiety from the public mind. Consols touched higher prices yesterday than they have reached for 20 years.

The Times, in a leading article says: The government deserves very great credit for the clearness of view and the firmness with which they have adhered to the principle of a free discussion of the treaty of San Stefano. Their success will have the legitimate effect of enhancing the authority with which this country will enter upon the coming discussion. The Times approves the selection of Lords Beaconsfield and Salisbury, and says it will certainly conduce to the dispatch of business and add weight to the conclusions of the Congress, and that it is, in spite of some disadvantages, probably on the whole, the best that could have been made.

The Potter Investigation.

By Telegraph to the News.

WASHINGTON, June 4.—Before the Investigation Committee to-day Anderson was examined at great length and severely handled by Reed, of Maine, who pushed the witness closely, and Mr. McMahon submitted that the witness was entitled to fair consideration. He submitted the proposition to the committee. It was decided that the witness should not be abused by counsel. Nothing startling elicited except that the witness said, regarding his former testimony, "I told the truth to the Senate committee in such a manner that they might be deceived. I told only part of the truth. I testified to certain facts and let them draw their own conclusions. I confess I wanted to deceive them. I do not think that is the same thing as perjury. I knew that the committee was misled by what I said." The sensationalists are disappointed that Butler did not conduct the cross-examination.

Washington Notes.

By Telegraph to the News.

WASHINGTON, June 4.—The President leaves for Havre De Grace to-morrow to inspect the propagation of fish.

Gen. Ord reports that the Indians ran cattle from Texas into Mexico at San Phillippi. A company of United States cavalry crossed the Rio Grande in pursuit.

The Mineral county, West Virginia, Circuit Court, has fined the Baltimore & Ohio Road $350 for running trains on Sunday.

The President has signed the bill forbidding further retirement of legal tenders. The Secretary of War and General of the Army had a consultation to-day over the serious reports of turbulence among the Indians in the far West.

The Secretary of War stated in the Cabinet that the officers represented the situation as serious, and there was danger ahead. No action.

Evarts announced that Russia had consented to participate in the Money Congress.

Further advices from McDowell and Howard are wanted with much anxiety. No uneasiness is felt regarding the situation on the Rio Grande. Gen. Ord knows the views of the administration, and needs no further instructions.

An important meeting of the tobacco trade was held at the Ebbitt House to-day, in the interest of a reduction of tax on that article. Some twenty of the heaviest houses were represented. After a short caucus they visited Congress, and seem satisfied with the impression they made. The meeting is unanimous in favor of a reduction to 16 cents.

FORTY-FIFTH CONGRESS.

The Repeal Bill of the Bankrupt Law Goes to Hayes---Stanley Matthews Courts Investigation---Election of N. C. Congressmen--The Army Bill.

By Telegraph to the News.

WASHINGTON, June 4.—SENATE—The President pro tem. announced that he had signed the Senate bill to repeal the bankrupt law. It now goes to the President for his signature.

It is understood that Stanley Matthews will demand of the Senatorial Committee an investigation as to his connection with Gen. Anderson. He will decline to appear before the House Committee.

SENATE.—The Committee on Appropriations has agreed upon the Army appropriation bill as amended by the committee. It places the army on the same basis as last year, restoring the reduction in numbers, rank, grades and pay as made by the House. It retains the transfer of the Indian Bureau from the Interior to the War Department. The Senate Committee on Military Affairs has also agreed to report a bill providing for the creation of a Commission to examine into the proposed reorganization of the army. The Commission is to consist of four members of the House Committee on Military Affairs, three members of the Senate Committee on Military Affairs and three officers of the army.

The Legislative, Judicial and Executive appropriation bill is in Committee on Conference. The Senate made 933 amendments.

SENATE—On motion of Conkling, the select committee to consider Mexican relations, sits during the vacation of Congress.

The Senate meets hereafter at eleven o'clock.

Mr. Matthews, at the suggestion of Lamar, moved a postponement of the Texas Pacific Railroad bill to December, but at the request of Johnston, who desires to speak on the subject, withdrew the motion.

Mr. Eustis then spoke in behalf of the Brazilian steamship line from New Orleans.

Mr. Bayard, from the Committee on Finance, reported favorably on the House bill to remit duties paid on bells imported by St. Michael's church, of Charleston, S. C.; placed on calendar.

Mr. Randolph, of N. J., from the Committee on Military Affairs, reported a bill to restore the property known as the State Military Academy, or Citadel, in Charleston, S. C., to the State of South Carolina; placed on calendar.

HOUSE—The Senate amendments to the legislative and judicial appropriation bill was non-concurred in.

Knott, from the Judiciary Committee, reported a bill for the relief of purchasers of land sold under direct tax in the insurrectionary States. Referred to the Committee of the Whole.

Hartridge, from the same committee, reported a bill for the final settlement of accounts of the United States with certain railroads. Referred to the Committee of the whole. It relates to roads which received property from the United States in 1864-'65.

The bill providing for the election of Congressmen from North Carolina on Tuesday after the first Monday in November, passed.

The bill for the appointment of a district Judge for the Western District of Tennessee, and for the division of that district into two divisions, passed.

HOUSE—Hartridge, of Georgia, from the Committee on Judiciary, reported a bill for the settlement of the accounts of the U. S. with certain railway companies. Referred to the Committee of the Whole. (It provides for the settlement of the accounts of the United States with such Southern railway companies as received property from the United States in 1865-'66.)

The bill for holding terms of the District Court at Charlotte, N. C., passed.

After an eloquent speech by Cox, of New York, in favor of the bill re-organizing the life saving service, the bill passed.

The remainder of the day was consumed in the discussion of the tariff bill. A vote on striking out the enacting clause will be taken at 12 o'clock to-morrow.

The Senate, while in executive session, made several confirmations, but none of Southern importance.

Nominations.—Morris Marks, collector of the first Louisiana district. Albert H. Leonard, attorney for the Louisiana district. John S. Withers, West Virginia, pension agent at Washington.

Commodore G. B. Balch, of South Carolina, to be rear admiral. Capt. Wm. G. Whiting, of Mass., chief of bureau of navigation.

GERMANY.

The Attempted Assassination--The King's Condition -- A Chapter of Accidents.

By Cable to the News.

BERLIN — MIDNIGHT — June 4.—The condition of the Emperor is satisfactory. Some of the shots in his arm are not yet extracted. The doctors decided to leave them to work their way out, for fear of causing inflammation. Statements made relative to Dr. Nobeling's confession are contradictory.

It seems that after the shooting of the Emperor on Sunday, when the enraged populace broke into Nobeling's apartments, he fired two chambers of his revolver at them. Herr Solteur, an inn-keeper, was shot and severely wounded. The crowd, seeing the latter bleeding, supposed he was the assassin and fell upon him with great fury. The unfortunate man was so roughly handled before the people discovered their mistake, that his life is despaired of. After his second shot, Nobeling turned his weapon against himself and fired again, the charge taking effect in his head. He was instantly seized and placed in prison. As the driver of the van drove rapidly through the archway at the entrance of the house, his head struck against an arch with such violence that his neck was dislocated and he died.

Rampant Roughs -- Miners on the War-Path.

By Telegraph to the News.

CINCINNATI, O., June 4.—Yesterday about 500 miners from different mines near Charleston, W. Va., captured the steamer Modoc, and went to Blacksburg to make miners there stop work. They threatened to kill or drown every one opposing them. They succeeded in stopping the Blacksburg mines, after which they took possession of a train on the Chesapeake & Ohio Railroad and returned, making the train stop when and where they pleased, and refusing to pay fare.

Bank Robbers Make a Light Haul.

By Telegraph to the News.

CANTON, PA., June 4.—The banking house of Samuel Duane & Son was entered by three burglars this morning. Duane, who slept in the bank, was seized and compelled to open the vault, and then gagged. The robbers only secured $2,500 worth of registered bonds, being driven off by two men living close by who heard the noise and came to Duane's assistance. One of the burglars was severely hurt about the head with a club, but escaped with the others.

Communistic Threats.

By Telegraph to the News.

PHILADELPHIA, PA., June 4.—At a Socialistic meeting in a small hall up town last evening, Stemer, the labor agitator, replied to the remarks of Mayor Stokeley, who was quoted the other day as saying that though he had no apprehension of danger from any Communistic uprising, he wished he had a battery of Gatling guns. Stemer remarked in the course of his speech, that dynamite would be more powerful than any guns that could be used.

Ammunition for Indians.

By Telegraph to the News.

SAN FRANCISCO, June 4.—Governor Braman, of Idaho Territory, telegraphs denying the charge that he furnished ammunition to the Bannock Indians. He also states that war is imminent, and that all arms under his control have been issued, and that further supplies are coming from Vancouver and Boncia.

A GEORGIA TRAGEDY.

A Man Destroys His Family and Then Himself.

By telegraph to the News

ATLANTA, GA., June 4.—A special to the Constitution states that a man named Caldwell, near Americus, yesterday, killed his wife, three children and his wife's sister with a smoothing iron. Two older children were at school, and one in the field, and one little one ran under the house and escaped. The murderer jumped into a well, but failing to materially injure himself crawled out and got on top of the dwelling house and jumped off; he was picked up insensible by two negroes, who were attracted by his cries and gesticulations while on the house. He recovered in a short while and sent the negroes off for some neighbors, and then went to the gin house and climbed to its loftiest point and threw himself headlong to the ground and expired almost instantly.

CHARLESTON, S. C., June 4.—Half of the business portion of the thriving town of Rock Hill, York county, S. C., was destroyed by fire late last night. Loss $100,000; insurance about 60,000.

THE HOMESTEAD.

Rights of Parties Involved and Their Remedies.

An Inquiry of the News.

FAYETTEVILLE, June 3.

A held a court judgment against B for $500, obtained before the passage of the homestead law. After the adoption of that law B claimed his homestead exemption, and it was allowed and laid off, excluding A from the collection of his judgment. Afterward B borrowed money of C and gave him a mortgage, properly executed, on his homestead. Now that the homestead law has been decided by the Supreme Court of the United States to be unconstitutional as against debts contracted prior to its passage, can A recover his debt by taking out an execution and selling B's homestead, or will C's mortgage hold it?

I am not in the position of A, B or C in regard to the matter, but make the inquiry because there are many cases in the State like the one supposed, and many persons would like to know how the matter stands.

D.

REPLY OF THE NEWS.

A judgment properly docketed in the county in which the land is situated is the first lien upon the land, and under the decision in *Edwards* v. *Kearzey* the land can be sold for that judgment. The mortgage is only the second lien and is postponed to the judgment. The creditor C, when he took a mortgage upon land with a judgment docketed against the owner, ran the risk of the homestead law being declared unconstitutional.

Even if B had *sold* the land to C, a still harder case, the judgment of A would still be the first lien.

POTTER INVESTIGATION.

Speech of Colonel Waddell, in Wilmington.

Wilmington Star.

He had opposed the bill creating the electoral commission and had filibustered against its decision until the last, when in deference to the greatest tribunal known to the American people—the will of the majority—he had accepted the situation; that he, in agreement with the almost unanimous will of the Democrats in the House of Representatives, favored the bill of inquiry known as the Potter resolution, the purpose of which was to investigate the frauds in the late Presidential contest, but that in favoring this measure neither he nor the Democratic party proposed to revolutionize the country by unseating Hayes, though the Democratic party had grit enough and judgment enough to dare do whatever in their opinion the exigencies of the situation might demand.

THE VOICE OF THE PEOPLE.

Inalienable Rights and Sovereign Power -- Instructing Representatives.

Correspondence of the News.

WARRENTON, June 4.

The principles enunciated in a News editorial a few days since, to wit: "that the people have a right to instruct their representative to vote for their choice to fill offices," will receive the most cordial response from the people.

INALIENABLE RIGHTS.

"All political power is vested in and derived from the people *only*; the people of this State *ought* to have the *sole* and *exclusive* right of regulating the internal government and policy thereof, and the people have the right to assemble together to consult for their common good, *and to instruct their representatives.*" Deprive the people of these sovereign, inalienable and reserved rights, for the sake of expediency, and the precedent will be dignified into law. Expediency has ever been the apology for tyranny.

INSTRUCTING REPRESENTATIVES.

Invest representatives with *carte blanche* powers, and one by one the constitutional rights of the people will be absorbed by the few, and they will be left powerless. Without instructions representatives cannot know and execute the will of their constituency. The people have capacity for self-government, and a choice for officials. Strip them of these privileges, and it places the servants above their masters, with the implied right to disobey the known but unexpressed will of the people.

THE VOICE OF THE PEOPLE.

The Romans declared that "the voice of the people was the voice of God." Shall American citizens be less careful of their liberties? But say a *few* "instructions will cause dissensions in parties." Never, if the delegates in the minority yield, as they should always do, to the will of the majority.

This is Democratic custom, and has ever obtained with all parties in the United States.

WARREN.

HENRY CARRAWAN DIES.

Stabbed by John Matthews, of New Berne---A Case of Self-Defence--Liquor the Trouble.

Correspondence of the News.

WASHINGTON, N. C., June 3.

Henry Carrawan, who was stabbed here some two weeks since by John Matthews, of New Berne, died on Saturday night.

ANTECEDENTS OF DECEASED.

He was a nephew of the celebrated Geo. W. Carrawan, who killed Clement A. Lassiter, in Hyde, some twenty-eight years ago, and when on trial in the Court House here, shot at Hon. E. J. Warren, State counsel, and then killed himself.

A CASE OF SELF-DEFENSE.

The cutting by Matthews was entirely in self-defence. He had submitted to repeated insults and blows at the hands of Carrawan, ran away from him several times, and was finally compelled to defend himself. Matthews has been out on five hundred dollars' bail, to await the result. Liquor was at the bottom of the whole affair, and behold the result.

THE COLORADO BEETLE.

The Terrible Insect in our State.

The article of Col. Polk in regard to the insect which has made its appearance in Warren county and other points, and which it was feared was no other than the dreaded Colorado Beetle, attracted very general attention. The apprehension of its being really the terrible destroyer proves to be well-grounded.

A specimen of the insects was sent Hon. Kemp. P. Battle, and by him shown to an eminent entomologist, Prof. Simonds, who unhesitatingly pronounces it to be the dreaded pest of of the West, a veritable Colorado potato beetle.

Mr. B. F. Long, of Warrenton, sends the Department of Agriculture a bottle full of specimens of the insects. Accompanying it is a letter, in which he says: "They are on most of the potatoes in our town, but I do not hear of them in the country, after careful inquiry. We do not know how to account for their appearance, unless they were brought in the seed potatoes. We have resorted to no means to destroy them, except by picking them off by hand. I saw kerosene oil poured over some, without having the least effect. Some of the potato vines are eaten badly. Many persons have picked off the bugs regularly, and think but for this plan their potatoes would have long since been destroyed."

The advance of this beetle eastward has been steady. This is its first appearance in our State. It is hoped it may not prove so dangerous as its western congener.

Railroad Feeling In Wilkes.

Resolutions of Railroad Meeting.

Therefore we the people of Wilkes and the adjoining counties in convention assembled do,

Resolve, That it is the sense of this meeting that the public interest of the entire State of North Carolina, as well as this section of the State, demand the early extension of the A. T. & O. R. R. from Statesville to some point on the E. T. & V. R. R. in South-west Virginia near the Salt Works.

Resolved, That as we have "borne the burthen in the heat of the day," in paying taxes to build up other portions of the State, therefore we ask the next General Assembly of the State of N. C., as an act of justice to grant us such aid as may be in its power and consistent with the public interest to carry out this important enterprise.

Sherman Confesses.

Washington Post.

The testimony of Mr. Sherman, when confronted with the plain, straightforward testimony of Anderson, contrasts pitiably with the arrogant tone of his letter to Chairman Potter, and with his insolent declaration, printed some days ago, that the Weber-Anderson letter was a forgery. Mr. Sherman fell back on the hackneyed resort of unwilling witnesses, and "could not remember;" but, according to the best of his knowledge and belief, did not think, etc., etc. This is not the language of a witness who proposes to swear to the truth. It is, rather, the weak evasiveness of a man who wants to swear to what is not true, but dares not do so for fear of being at once confronted with the evidence of his perjury in his own handwriting. The fate of a Presidential election, the political future of John Sherman himself, and the destiny of a party hung upon the effect of that letter, and to suppose that as shrewd and crafty a politician as he would have forgotten whether he wrote such a monstrous document or not, is a species of credulity characteristic of fools.

Public Buildings.

Charlotte Observer.

The House committee has agreed to report $50,000 for a court-house and post-office at Greensboro, and the Senate committee on Commerce has reported in favor of appropriating $150,000 for the Cape Fear, and $5,000 for the Roanoke. Our friends in other parts of the State are in luck. Charlotte never gets anything from the national government. Wilmington and Raleigh both have United States court-houses and post-offices, and Asheville and Greensboro will likely have them before long. Ours is still *in prospectu*.

The Tariff.

Roan Mountain Republican.

The justice or injustice of this tax, in the shape of a protective tariff has been the subject of much able debate in Congress, in which the members from this State have taken an active part, and none more so than the Hon. Walter L. Steele.

OUR STATE JUDICIARY.

As Non-partizan as Possible Desired---Demanding Judges to Render Political Decisions Not a Safe Precedent---Want No Office-seekers for Judges.

Correspondence of the News.

OXFORD, June 4.

Bear with me whilst I repeat an idea conveyed to you not long since. It seems to me we ought to strive and have our judicial candidates with just as little of the politician in their composition as is possible. If it is impractical to get a non-partizan judiciary, let us get as close to it as possible. There are eminent lawyers in the State who love the law and have no taste or talent for politics. And of such, it seems to me, our candidates ought to come.

DEMANDING OF JUDGES POLITICAL DECISIONS.

I regret to see the idea cling to, and expressed even in some of our county conventions, that whilst we admire a fair-minded, unprejudiced Judge, yet we prefer a candidate who has known sympathies for the great doctrine of States Rights. Now if a Judge takes his oath, of what avail can his sympathies be if he administers justice according to the law and the constitution? Would it not be better to have a Judge simply honest, learned and stern in his integrity of character, and as free from all sympathies as possible?

NOT A SAFE PRECEDENT.

Is it a safe precedent to have our Judges ignore the law and make their rulings according to their own sympathies, or the sympathies of even a majority of the people? Use Judges to defeat laws which they have sworn simply to interpret? Well may we fear the decline has come. What becomes of our boasted checks and balances? Where is the necessity of our Legislative branch of government? Is it not wrong to delude our rank and file into the idea that they can with safety use the judiciary for such a purpose? Upon whom do we rest all our hopes of law, order and security? If not the judiciary, then all our teachings have been wrong. Is it not dangerous, even as local political clap-trap?

RATHER SEE THE DEMOCRATIC PARTY SWEPT OUT OF DISTANCE.

If such professions are thought actually necessary to carry the Democratic party through the next campaign, as devoted as I am to that great party and its doctrine of State's Rights, I would rather it were swept out of existence and buried beyond resurrection, than to see our judiciary thus lowered from its once proud place. I believe the patriotic daring and endurance of North Carolina soldiers was mainly due to the unbounded love and respect they had for law and authority. And this came from our pure and incorruptible judiciary.

DOES NOT WANT OFFICE-SEEKERS FOR JUDGES.

I do not believe the Democratic party wants office-seekers for Judges. Would it not be well in our Convention to ask first: Is he honest? Is he capable? and then does he seek the place? Has he manœuvered or electioneered? If so he is unworthy. This latter question would tend specially to simplify matters, elevate and restore our standard, and heal, probably, our household differences.

FARMER.

Schenck For Congress.

Correspondent in Charlotte Democrat.

Some of Judge Schenck's friends are not afraid to announce now, in advance, that if the combinations which have been formed to defeat him for a seat on the Supreme Court Bench are successful, they will secure his election to Congress from this district whenever he chooses to accept the place, probably not till 1880. Give David Schenck a chance before the people and none of his friends will fear the result.

Lincolnton Progress.

We copy the above from the Charlotte Democrat, and suggest the substitution of 1878 for 1880. The charges now being made against Judge Schenck will vanish into the thin air, if he is ever allowed to come before the people, which he could properly do as a candidate for Congress, and there are some portions of this district where we know Judge Schenck would be glad of the opportunity of ventilating these charges.

A FRIEND.

Sparta in Alleghany.

W. F. Tomlinson in Piedmont Press.

It is only a small place, but shows some signs of improvement. Mr. Jones, who has recently erected a fine dwelling house, has also the contract for building the new court house. There are two stores of general merchandise, one confectionery and a good buggy shop. This is the only county town in the State where the post office is of a different name. There being a post office in Edgecombe county named Sparta, prevents the people of this place from getting the office by the same name of the town, for the Postal Department will not allow two offices by the same name in the same State. The office for this place is called Gap Civil, this being a post office in Ashe county long before this county was taken from Ashe.

Snake Fight.

New Berne Nut Shell.

We learn that Dr. Fulford has sent after a black snake, the most formidable foe of the King snake, and that as soon as it arrives a snake fight between the Doctor's reptile and Mr. James G. Hargett's rat catcher will come off. The King snake is considered a great fighter never known to have been vanquished in a pitched-battle, and there can only be one result to the contest.

Declines.

Greensboro Protestant.

Our friend Lyndon Swaim is out declining a nomination for the next General Assembly. Our ablest men are often the most modest and self-distrusting. He could easily be elected any day.

WAKE COUNTY CONVENTION.

Wm. H. Bledsoe for House of Representatives.

Correspondence of the News.

RALEIGH, June 4.

As the Wake county Democratic Convention will meet on the 22nd of June, it is well that the names of gentlemen should be suggested for the various offices, in order that their qualifications may be discussed before the day of nomination.

A NAME SUGGESTED.

I do not deem it premature, therefore to suggest as a suitable candidate for the House of Representatives William H. Bledsoe. Mr. Bledsoe, though admitted to the bar some years ago, has until recently devoted his attention to agriculture, and is a practical, working farmer. He is a fluent speaker, and during previous campaigns, especially in 1876, when he was President of the Tilden and Vance Club, he has done valiant service for the party. He will receive a strong support in Raleigh.

YOURS TRULY.

Party Fealty.

Edenton Gazette.

We are glad to say that all are getting to be more earnest for party success than before. That the people cry, keep Democracy in the ascendant, regardless of the success of any one particular favorite. Never until all are awake to this feeling can our party rest assured that we are the victors, and the conquered shall be kept in subjection. We earnestly believe that the nominees of our party are to be supported by all valiant partizans and that personal preference will no longer hold the sway which it has in many campaigns.

Judge Avery.

Morganton Blade.

We do not feel called upon to indulge in any high sounding praise of our fellow townsman, because his merits—his ability, good habits, integrity and faithfulness in the discharge of every public duty are known, but we do wish to say that those who supported him did not desire to detract one iota from the just claims or merits of other worthy gentlemen who were so zealously supported in the convention, nor do they now indulge in any spirit of exultation over the result.

Sam Cary.

Philadelphia Record.

General Sam Cary is still alive and not an inmate of any public institution. He delivered a National-Greenback-Labor lecture at Bradford, McKean county, on Wednesday night. The people of the oil regions are used to heavy discharges of gas, and spend their time in searching the bowels of the earth for spouters, but they have produced nothing that surpasses Carey.

Public Schools.

Chapel Hill Ledger.

Let the next Legislature devise a plan by means of which a better class of instruction will be given. Make provisions for better salaries. A farmer goes to town to buy an article worth fifty dollars and if offered to him at half price he begins to supect that something is the matter. So with education. You cannot get good teachers and good instruction for the same price as you do poor teachers and inferior instruction.

Lincoln Candidate.

The Weldon News.

Beverly Cameron Cobb is a native of Lincolnton, and is a young lawyer of fine legal attainments. Mr. Cobb graduated under the late Chief Justice Richmond M. Pearson, and that eminent jurist pronounced him one of his most promising students. Mr. Cobb has been a true friend, a fearless and faithful advocate of the principles of Democracy, and certainly deserves an unending recognition at its hands.

Granville.

Henderson Echo.

We will go into the campaign under favorable auspices of success. The colored people are beginning to see through Radical trickery. Some of them by prudence, labor and economy are getting a "little ahead in life" and better know how to appreciate and provide for their "life, liberty and property." To do this they will vote intelligently with the Democrats.

Grant.

Monroe Express.

The illustrious "Man on Horseback" has been guilty, in the course of his harlequin career, of many acts of low-down meanness. He disputes the immutable truth of history when he asserts that the South was not overwhelmed. He controverts an acknowledged fact when he states that the odds in a majority of the battles fought were not decidedly against the South.

The Investigation.

Concord Register.

The Presidential steal will be made patent, and the fraudulent title of Mr. Hayes will be recorded in all future history against him and to his eternal shame and disgrace. He will serve out the days of his ill-gotten term, and will retire to private life righteously dishonored.

Party Duty.

Danbury Reporter.

Antagonism within a party, whether it be disgruntled sore-headism or independent insubordination, has no influence or tendency for good, but is emphatically treacherous, ruinous and revolutionary. To denounce both of these elements of disorganization is a duty incumbent upon all true Democrats.

Enterprise.

Surry Visitor.

Business begins to look up in Mt. Airy since it is generally understood that the Railroad "wind" has about passed over and the *grading to be commenced in a short time.* The Company received a letter Monday night which informed them the convicts are now ready to go to work.

Armfield.

Wilkesboro Witness, June 1st.

Col. R. F. Armfield, of Statesville, will be the Democratic candidate for Congress in this district. Several counties have instructed their delegates to vote for him. We understand that the convention will be held in this place on the 27th inst.

Tilden and Hendricks.

Philadelphia Paper.

Ex-Governor Hendricks is at the Hot Springs, Arkansas. Ex-Governor Tilden does not have to go so far for his hot water; he is manufacturing it at home.

Adjustable.

Concord Sun.

A Radical self-adjusting platform, warranted to automatically change with changing conditions, would be quite the invention of the period.

Mails.

Bakersville Republican.

A tri-weekly mail line will be established between this place and Marion, to commence Oct., 1st, and carried by a hack.

The Greensboro Excursionists.

The excursion train carrying the teachers and scholars of the Methodist Church of Greensboro, left that city yesterday at 6 a. m.. The train was made up of six coaches. These were filled by some 350 persons. The excursionists were in the excellent hands of Mr. J. A. Odell, the Superintendent of the trip, and Prof. W. F. Alderman, of the Greensboro Female College, who is the Superintendent of the Sabbath School.

The best of good order was observed by all, and the trip of 90 miles was made without incident or accident. The train arrived here promptly at the designated hour, 10:30. On reaching the central depot the party disembarked, and forming in procession, headed by the band, marched up Fayetteville and other streets to the Deaf Dumb and Blind Institution. Here they were taken in charge by Principal H. A. Gudger and his kind assistants, Messrs. Ray, Dudley, and Tillinghast, and seated in the chapel. On the stage were grouped the pupils of the Institute. Mr. Gudger briefly addressed the party, bidding them welcome to the city, and informing them that he had hurriedly gotten up some impromtu exercises by his pupils, for their edification and amusement.

The exercises were begun by the rendition of a beautiful song by the singing class of the blind. After this came some exercises in the sign language, which by reason of their novelty proved very attractive to our visitors. Other songs followed, sung in a sweet and agreeable style. The manner of teaching beginners was shown and explained. Three deaf mutes then wrote an address of welcome to their guests, on the blackboard. The exhibition was entirely satisfactory and proved a source of great enjoyment to the strangers. The exercises were varied in their nature and were made exceedingly interesting.

The committees of welcome appointed by our churches were present, and when at the conclusion of the exercises in the chapel, the excursionists left, they were immediately taken in charge, and carried to our lovely Capitol Square: The beautiful grounds of this our park, with its smooth sward and cooling shades, had been selected as the place for the basket pic-nic. Here were collected the filled baskets, and the happy visitors, with appetites sharpened by their long journey, fell to work with a will. The band meanwhile played at the southern entrance of the building.

The various departments of the Capitol were each visited, while all points of interest in our beautiful city were shown the visitors.

At 4 p. m. the party wended their way to the depot, and took the train. It is hoped that they all enjoyed their visit.

Jesse Holmes.

Mil on Chronicle.

A correspondent, writing from Orange, insists on our "running for the Legislature." We can only say we are in the hands of the people—and their will be done. We fear we could do the people but little or no good were we to go to the Legislature, and that would rather mortify us. If we failed, however, it would not be because we didn't *try*.

Bury the Hatchet.

Wilmington Review.

There has been a hatchet in this campaign and its edge has been sharpened too. Now that the contest has been decided, let that hatchet be buried clean out of sight and let us all "shake hands across the bloody chasm" and join together in giving Col. Waddell the biggest Democratic majority ever polled in old Cape Fear district.

Greene County Republicans.

Goldsboro Messenger.

Mr. Chas. H. Harper was elected as delegate to the Congressional Convention, and he scores one county for Col. L. W. Humphrey. Poor old Gov. Brogden! Even the cadetship thrown to the whale failed to save him. And Returning Board Hayes fared even worse than Brogden. A motion to endorse the President was voted down.

Iredell Nominations.

The Weldon News.

In Iredell county Hon. T. A. Nicholson, the nominee for the Senate, is one of those old-fashioned Legislators of whom, unfortunately, the race is fast dying out. While in Raleigh he devotes his whole time to the business of his constituents. Of the other gentlemen we know nothing, personally; but if they are fit coadjutors for Mr. Nicholson, they will do.

Personal Imputations.

Danbury Reporter.

Instead of indulging in them longer we call on our friends in future to avoid personal imputations as much as possible and go to work to organize our forces to triumph overwhelmingly over Radicalism at the next election. There is a danger to our party which is more to be apprehended than from the strength of our political enemies.

Harmonious.

Warrenton Gazette.

Many of the counties in the State have had their Democratic Conventions, nominated their candidates, appointed executive committees and organized for the campaign. And it is indeed gratifying to note the harmony existing in our ranks; it is a presage of future victory.

Keyno.

Wilmington Star.

Poor Key! They told him if he did not write that wicked letter that he should be kicked out incontinently, and henceforth should seek his daily grub among the "erring brethren" of Tennessee. And so he did the awful deed. "What is writ is writ," and "would it were worthier."

SHERMAN'S suicide suggested.

THE House has authorized a term of the United States District Court at Charlotte.

IN their cross-examination of Anderson yesterday, the Republicans on the Potter Committee made no point.

THE News has secured the services of Rev. F. L. Reid, of Louisburg, as special correspondent and general travelling agent, and he is commended to the friends of the News everywhere. Mr. Reid is this week at Chapel Hill, and from there he will go to Trinity College to attend the Commencement next week.

THERE never was a time in the political history of the State when the country press of the Democratic party was so thoroughly united and determined on strict party discipline. There are differences of opinion as to men, and much diversity of preference, but upon the point of standing by the party nominees there is not the slightest difference manifest. This is true Democracy, and the only safe Democratic policy.

ADVICES from Granville state that the Radicals are much stirred up in that county. They fear the result of the August election, and have raised the "bloody shirt." Immediately on the adjournment of the Democratic Convention last Saturday the Republicans went into an impromptu meeting, and Colonel Hargrove is said to have delivered a speech of intense bitterness. One would look for better things in a man like Tazewell Hargrove.

MR. THOMAS N. HILL, a gentleman prominently spoken of in connection with a place on the Supreme Court Bench, is in the city, but if he ever finds the office, or the office finds him, it will have to seek him, for he appears to be entirely too modest and unassuming for the practical business of political electioneering; but it is said by those who know him that a very high order of merit is concealed about his person, and that he has few superiors in the law.

THE sub-committee of the Florida Fraud Investigation passed through Charlotte on Monday, going down to work. As noted by the Observer, the sub-committee consisted of Hon. Eppa Hunton, of Virginia, chairman; Hon. Frank Hiscock, of New York, Hon. Wm. M. Springer, of Illinois, committee; C. H. Sargent, of Ohio, and C. B. Barr, of Pennsylvania, deputy sergeants-at-arms; Joseph Bailey, of Pennsylvania, stenographer; R. H. Henderson, of Virginia, clerk; and A. P. Thom, of Virginia, messenger. This begins to look like business, and that the Democrats meant something.

AS HAS been before stated, the News cannot lend its columns for personal assaults upon Democrats. The only evidence it can receive as to the worthiness of Democratic gentlemen is the standing to which they are certified by the majority of their neighbors and those who know them. When such gentlemen have received the nomination of their party for office, or have such expression of public sentiment in their favor as indicates a probable nomination, the News takes it that they are worthy members of the great Democratic family, and as such are to be defended and sustained, and not assaulted by their own party friends and press. It is therefore that two communications, sharply critical, the one of Chief Justice Smith, and the other of Judge Schenck, are respectfully declined. They both occupy high positions at the hands of the Democracy already, which should be sufficient to protect them from the assaults of a party paper. They may both receive nominations at the hands of the State Convention next week, and should they, the News will give them the most unreserved and unqualified support, a support it does not care to weaken by stultification.

THE Wilmington Star has realized how cheaply human life is held in this country, and the absolute want of protection afforded the peaceably disposed and innocent men and women of the land. Upon this very point the News had something to say a few weeks ago, and an example was given in its columns yesterday. The News is glad to have the co-operation of the Star, and trusts the press of the State will endeavor to create a public sentiment on this subject by the time the next Legislature meets. The Star says:—"It does really appear as if it were impossible to hang any man of decent connections in this country. Although more murders occur in a month now than occurred in a year previous to the war, and murder has ceased to be "one of the fine arts," as De Quincey considered it, but has degenerated into a brutal pastime, the difficulty of punishing grows greater daily. Between a false sentiment upon the subject, that will work a fearful amount of evil in the end, the imperfection of the laws, the incapacity of prosecuting officers, the humbuggery of trial by jury, the plastic character of Judges, and the excessive humanitarianism and philanthropy of Governors invested unwisely with the pardoning power and who have to be re-elected by the people, the trial of murderers has become the merest farce, and human life is held as cheap as it is in those regions where you must take a drink when asked or be shot upon the spot.

Railroad to Chapel Hill.

Those who go up to the University this week will be in a good frame of mind for appreciating the necessity for a railroad connecting that institution with the railroad system of the State.

Some enterprising and public spirited gentlemen who will be there, and having the success of the University at heart, could not do a better thing than organize a little meeting on the spot and take steps, which they could easily do, to set the ball in motion, and the News throws out the suggestion for their consideration.

It is stated that Chapel Hill is the only University seat in the United States not reached by rail. It must be perfectly apparent that in this day of progress and sharp competition, the University cannot develop a quick or satisfactory success without this very essential facility, and its friends must see and appreciate the fact. It is known that President Battle regards the matter of railroad connection as of the highest importance, and in this matter he needs the co-operation of every friend of the Institution, and through it every friend of the State.

Through the employment of convict labor, and in these times of cheap materials and supplies, a narrow gauge railroad to Chapel Hill could be constructed for a very small outlay. Eight or nine thousand dollars per mile, perhaps much less, would build and equip such a road with hired labor at the market price. That such a line would pay its operating expenses and a fair interest on the money invested, there is not a doubt. And not only would it build up the University, but develop a very fine section of country in which lies hidden much wealth of mineral and other resources.

Investigating Registers in Bankruptcy.

A rule has been served on A. W. Shaffer, Register in Bankruptcy, to show cause, in the Circuit Court next Saturday, why he shall not be removed from the office of Register.

The charges are said to be many, and serious in their nature, and if true his punishment should not stop at expulsion from office. The public can doubtless anticipate them, such as exacting excessive fees, improper and corrupt conduct in office, whereby to accumulate much of the needful; but as the matter is in the proper hands for investigation, it is scarcely necessary for the press to do more than demand full and thorough treatment of the case, which Judge Brooks is apt to give it; and if the accused officer be guilty, let him be appropriately dealt with; if innocent, let his vindication be complete and as broad as the charges are made.

It is something refreshing to note, the more pleasing, perhaps, that it is so seldom experienced, that Federal officials are now sometimes brought up for their misdemeanors and crimes in office, and it is to be hoped that this sort of thing may not stop in North Carolina with Register Shaffer. Originating no charges of its own against this officer, it has none to make now against others of his class in the State. But there are other Registers in Bankruptcy in North Carolina, some, at least, whose acquisition to fortune has been quite as rapid and substantial as the one in question. While the matter of looking into the conduct of Registers in Bankruptcy is up, and will be talked about, suppose a peep were taken into the office at Greensboro. One does not know what the state of things may be up there, or that anything is wrong; but proper inquiry into the conduct of a public officer is always in order, and cannot by any possibility work harm, in case there shall be found no wrong, as a basis, to work upon, and then the harm does not come to the innocent public, but the guilty official. Really, let these sort of things be looked into.

This is a Special Case.

Respecting James E. Anderson, one of the tools of the conspirators in the Louisiana Presidential election frauds, President Hayes, after reading the evidence of the fellow's infamy, and appreciating the dangerous power of those by whose villainy he was placed in the presidential chair, wrote to Secretary Evarts:—"Give this man a consulate in a warm climate. This is a special case."

Mr. Hayes appreciates a special case. He was perfectly innocent in regard to the frauds perpetrated in Florida and Louisiana, and had no personal acquaintance whatsoever with the individuals through whose agency was accomplished his elevation to the position to which another had been elected, but nevertheless, he has made many special cases.

Mr. Noyes, who manipulated the Florida thieves, was made Minister to France.

Mr. Stoughton, who coached the Louisians rascals, and invented a new system of "clerical errors," was made Minister to Russia.

Mr. Kasson, a visiting statesman of the superb Zach. Chandler order, and who helped to steal the vote of Florida right in the face of the people, was sent as Minister to Russia.

Mr. McLin, who confesses that he helped to steal the Florida vote, and count it for Hayes, the President sent as Judge to New Mexico, where he would be now, only the Senate refused to confirm the appointment, and he had to be re-called.

Mr. Dennis, who confesses to having assisted in the perpetration of the frauds whereby McLin was able to steal the vote of Florida, was appointed a Special Treasury Agent, at the special request of Mr. Hayes, "written with a blue pencil."

Governor Stearns, who held the fort of executive power, while Cogwill and McLin stole the Florida vote, was made one of the Hot Springs Commissioners. Mr. Cogwill, who completed the theft, was made a United States Marshal. Thus have been recognized as "special cases" Noyes, Kasson, McLin, Dennis, Stearns and Cogwill, through and by whom the State of Florida was counted for Hayes, when all the world knew the majority had been cast for Tilden.

The Washington Post continues the long list of "special cases" as follows:—

Wm. Pitt Kellogg, for helping steal the vote of Louisiana by bracing up the Returning Board and such supervisors as Anderson, received a seat in the Senate, to which he had no title, through the single vote of Stanley Matthews, the friend and representative of Mr. Hayes.

S. B. Packard, who helped Kellogg steal the Louisiana vote, received the biggest consulate in Europe.

Geo. L. Smith, who forged and falsified the returns of De Soto parish, was made Collector of New Orleans.

Jack Wharton, who assisted, was made Marshal of New Orleans.

Madison Wells, who was one of the thieves whom Kellogg braced up, was given the office of Surveyor of the Port.

Tom Anderson, who was another Returning Board thief, was kept in office as Acting Collector, even after his conviction of forgery and theft. This was a *very* special case.

Casenave, the third Returning Board thief, was made Naval Officer.

Kenner, the fourth and last Returning Board thief, perjurer and forger, was given a place in the Custom-house under Principal Thief Anderson.

Gen. John M. Harlan, who was one of the referees in the Feliciana Anderson case, was made Judge of the United States Supreme Court.

George A. Sheridan, for helping to keep the Returning Board thieves stiff, was transplanted to Washington and made Recorder of Deeds.

Dan. Webber, who, at the request of John Sherman, stole the vote of West Feliciana, was promised in writing a consulate, but was killed before he could be appointed.

J. E. Anderson, for complying with John Sherman's request to the extent of signing a protest he knew to be false, and which was afterwards forged to the extent necessary to steal the parish of East Feliciana, was personally and in writing recommended by Mr. Hayes for "a consulship in a warm place."

A score of clerks, supervisors, constables and others who helped forge or cover up others' forgeries, have all been provided for, but these we have enumerated were "SPECIAL CASES." Still we have no doubt that Mr. Hayes was perfectly innocent, and that these appointment were all accidents.

Advance of Science.

The advance of science within the last decade has been so truly wonderful that many are ready to exclaim that nothing is impossible. One of the greatest boons in this remarkable progress is the discovery of Barham's Infallible Pile Cure, for Hemorrhoids or Piles. Manufactured by the Barham Pile Cure Co., Durham, N. C. Liver is King.

The Liver is the imperial orgrn of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

The Prevention of a Terrible Disaster.

No disorders, excepting the most deadly forms of lung disease, involve such a tremendous destruction of organic tissue as those which fasten upon the kidneys. Such maladies, when they become chronic—and none are so liable to assume that phase—completely wreck the system. To prevent this terrible disaster, recourse should be had upon the first manifestation of trouble, to Hostetter's Bitters, which experience has proved to be highly effective as a means of imparting tone and regularity to the organs of urination, as well as to the liver, stomach and bowels. Another beneficial result of this medicine, naturally consequent upon its diuretic action is the elimination from the blood of impurities which beget rheumatism, gout, dropsy, and other maladies. By increasing the activity of the kidneys, it augments the depurative efficiency of those organs, which are most important outlets for the escape of such impurities.

Mr. F. Morrell, Bangor, Me., July 2, 1873, writes: "Six months ago my friends thought me incurable, suffering from Weakness, Disordered Stomach and Fever. The doctors gave me no benefit. I was persuaded to try Coldem's Liebig's Liquid Extract of Beef and Tonic Invigorator; after using three bottles began to improve, and to-day feel perfectly well." LOCAL BRIEFS.

——No sign of work about the new post office as yet.

——The crowds of well-dressed and good looking strangers on our thoroughfares yesterday, made things look livelier than for some time past.

——The brightest light in the city will be that given by the lamp which, in 1978, will be put on the post at the corner of Person and North streets.

——An entertainment by the pupils of the Deaf, Dumb and Blind Institution, complimentary to our citizens, will be given soon, under control of Professor Gudger.

——Dr. R. J. Noble, of Selma, Johnston county, has sent the Department of Agriculture the finest red clover yet received. The stalks are 60 inches in height, very luxuriant.

——In the Criminal Court yesterday, Judge Tourgee was asked directly whether he was the author of the "C" letters. He declined to give an answer, thus leaving the question just where it was before.

——The County Commissioners met yesterday. Sundry accounts were ordered. The special venire for this term of the Criminal Court were paid their per diem, but not mileage. The Board meets again to-day.

Mayor's Court.

Thomas Watson, the negro boy charged with theft of books &c. from the Raleigh Grange building, was up for trial. Mr. Millard Mial identified the stolen goods. The thief was sent to jail, in default of bond of $200.

There were also a couple of drunks in the Mayor's Court yesterday. These were sent to the gaurd house for the customary 12 hours. This is done to give them a time and place for quiet thought upon their offenses.

The Greensboro Cornet Band.

We express our thanks to this splendid body of musicians for the compliment of a serenade tendered the News yesterday. They accompanied the excursionists from our sister city yesterday, and by the excellence of their music, added greatly to the pleasures of the day. The band is receiving instructions from the celebrated E. W. Neave, of national reputation as a teacher, and bids fair to become a first class organization.

Temperance Entertainment.

Boughton's temperance entertainment did not occur last night, on account of the inclement weather, The entertainment will be given to-night, and the tickets purchased for last night are good for to-night.

Mr. Boughton will give the dark page of his own history, when he stood under the shadow of the gallows through rum. He will also give an illustration of the *delirium tremens*. Short speeches will also be made by some of those who have signed the pledge. Good singing, quartetts, solos, choroses, &c. Admission 10cts. We bespeak for Mr. Boughton a good attendance.

Hillsboro Female School.

This long-time noted institution of learning, under the able supervision of the Misses Nash and Miss Kollock, has attained a high place among our Southern schools. The entertainments which are from time to time given, are most enjoyable, more particularly by reason of the high order of musical merit possessed by the pupils. The invitations to attend a musical entertainment on Thursday, June 20th, are being sent out. The entire concert will be under the able direction of Signor S. D'Anna. The repertoire is varied, and comprises some of the choicest vocal and instrumental selections. As the school has always had patrons in our city, there will doubtless be representatives from Raleigh present.

Raleigh High School--Close of the Term,

The closing exercises of this city institution for the present term were held last evening in the Chapel of the Deaf, and Dumb and Blind. On the platform were the principals of the school, Messrs. C. H. Scott and Hugh Morrison, the students who were participating in the exercises, and Fab. H. Busbee, Esq., the deliverer of the address. The singing class of the blind were also present, and rendered songs in a pleasant style.

The exercises were opened by prayer by Rev. J. M. Atkinson. The choir then sang an anthem. The declamations of the pupils of the school then followed. The speeches of these were delivered in good style. The following were the speakers, and their subjects:

Hampden Smith, "The Confederate Flag."

D. F. Baker, "A Thunder Storm at Sea."

A. M. Gorman, "The Red King's Warning."

Robert C. Strong. "Regulus to the Roman Senate."

Alex. McPheeters, "Irish Orators."

Robert G. Grissom, "Horatius at the Bridge."

Emanuel Oettinger, "Song of the Greek Bard."

S. S. Batchelor, "Scene between Marmion and Douglas."

B. R. Williamson, "The Maniac."

Geo. Gorman., The Raven.

At the conclusions of these addresses the names of the boys who received distinctions were announced.

The address of Mr. Fab. H. Busbee was then delivered. It was in a pleasant vein, and the orator conveyed in it some truths of importance. He alluded to the need of a more general education. The audience applauded his remarks frequently.

Prof. Scott then rose, as Mr. Busbee finished, and said that this was his last term as one of the principals of the school. It would hereafter be in charge of Mr. Hugh Morson, whom he specially recommended. In the course of his remarks he paid his former pupils a compliment for their good behavior. The exercises closed with the benediction.

Attention, Members of Rescue Company.

There will be a meeting of your company this evening, at 7½ o'clock. Business of importance to be transacted, and it is expected that every one will be present.

By order of the Foreman, W. J. WEIR.
T. T. FENTRISS, Rec. Secretary.

The turtle to be served at Pepper's to-day, to-morrow and Friday. Families supplied as usual, "and we'll all drink" our fill.

Lumsden's "Old North State Cook Stove" still leads the market as the best and cheapest stove. Lumsden makes a specialty of repairing Sewing Machines of any pattern, Guns, Pistols, Locks, &c. All work warranted. He has just received a large lot of mocking and canary bird cages, fly traps, dish covers, fishing tackle, brooms, baskets, and every thing you want in the house furnishing line can be found at Lumsden's, cheaper than such goods were ever sold before. *

Something Worth Attention.

Consigners of county produce should ship to A. C. Sanders & Co., because they are the only commission merchants in Raleigh. They do not buy at all on their own account, but make prompt returns, at the same prices they sell at, which are the highest this market affords. *
